

Lytton Complex

(K70804 & K71086)

FIRE SIZE:

7723 hectares (mapped)

FIRE STATUS:

Out of Control

RESOURCES:

There are 111 firefighters, 6 helicopters, and 8 pieces of heavy equipment working on the Lytton Complex. Additionally, 2 Structure Protection Specialists, 2 Office of the Fire Commissioner Agency Reps, and 3 structure protection Task Forces are assigned to the Lytton Creek Complex . New Brunswick crews are expected today.

UPDATE:

Three unit crews, 60 firefighters, arrived yesterday - July 6, 2021 - to assist with firefighting efforts.

Two unit crews (40 firefighters) and two task force leaders are en-route from New Brunswick to assist with the Lytton Complex and are expected to be on site today, July 7, 2021.

Yesterday - July 6, 2021 - crews were supporting structural protection and establishing control lines in the Botanie Valley and up the North side of HWY 12 and have made good progress, with assistance from heavy equipment.

Today - July 7, 2021 - crews will continue structure protection work along HWY 12 and along the North-western portion of the fire. A second objective is to continue preventing fire spread further North along HWY 1. Crews are also supporting structural protection and establishing control lines in the Botanie Valley.

The spot growth on the west side of the Fraser is estimated at 40 hectares without growth over the last 48 hours. Crews and air resources are assigned as a priority to this area to prevent any further spread.

LYTTON BUS TOUR:

The Thompson-Nicola Regional District has announced it is coordinating a tour of the community of Lytton on Friday, July 9, 2021 for evacuated residents. The tour is being coordinated in conjunction with the Lytton First Nation to allow impacted residents to view the area affected by the Lytton Creek Fire (K71086).

Because residents were dispersed to several different communities after the fire, arrangements are being made to pick up residents at several different locations: possibly Whistler, Chilliwack, Merritt and Kamloops, although the locations have not yet been confirmed. Residents have been asked to limit attendees to two members per household in order to accommodate as many people as possible.

To register for the bus tour, residents must call the TNRD Emergency Operations Centre 1-866-377-7188 or email emergency@tnrd.ca.

LYTTON ANIMAL OPERATION:

Plans for a feeding and/or rescuing operation for animals that are still within the evacuated areas as a result of the Lytton Creek Fire is underway. A specialized team will coordinate this operation. Any Village of Lytton or TNRD resident that has animals in the area that need attention, are asked to contact the TNRD at 250-377-7188 or email emergency@tnrd.ca as soon as possible to provide details.

This animal operation will use a specialized team to ensure the safety of the individuals entering the area as well as the animals they are attending to. The Lytton First Nation is also coordinating something for their residents. Residents of Lytton First Nation should contact their band office to arrange for care or rescue of their animals.

For more information contact: EOC Information Officer, eoccommunications@tnrd.ca , 1-866-377-7188

AREA RESTRICTION:

An area restriction is in place as of July 3, 2021 for an area over the Lytton Complex area. This is NOT an evacuation alert or order. Under this order and Section 11(2) of the Wildfire Act, a person must not remain in or enter the restricted area without the prior written authorization of an official designated for the purposes of the Wildfire Act, unless the person enters the area only in the course of:

- travelling to or from his or her principle residence that is not under an evacuation order;
- travelling to or from private or leased property for the purposes of accessing a secondary residence or recreational property that is not under an evacuation order;
- travelling as a person acting in an official capacity;
- travelling for the purpose of supporting wildfire suppression activities; and
- engaging and/or participating in agricultural activities pertaining to livestock or vineyard management on private or leased property.

Note: The area restriction in place currently has an expiry date of October 15, 2021. However, once the area is considered safe for entry, the BC Wildfire Service will rescind the order.

RESOURCES FOR BUSINESSES AFFECTED BY WILDFIRES:

The BC Economic Development Association (BCEDA) has launched a special webpage dedicated to Wildfires 2021— <https://www.bceda.ca/wildfires.php> — which contains a live document where information will be added for business and communities, plus manuals and toolkits dedicated to disaster preparation.

As the Province and others start to roll out support programs, BCEDA will update the live document so that businesses can easily find this information.

BCEDA will also launch a business survey dedicated to businesses being impacted by wildfires. This survey will identify short and long terms needs of business and issues related to the workforce. The information collected will be shared in aggregate formats with the Province of BC and others. BCEDA is working with the secretariat to the Indigenous Business and Investment Council to gather information on Indigenous impacted businesses. No personal information collected will be shared.

[Resources for Wildfire Impacted Individuals & Businesses 2021 \(Live Document\)](#) - A document of resources that is constantly being updated as new information and resources are released. Check back in on this document regularly for up-to-date information regarding the wildfires.

[Top 10 Steps to Prepare Your Business for Evacuation](#) - A document that can be made available to businesses in your community to aid in, and encourage, preparation for an evacuation scenario. It highlights the 10 steps necessary to prepare a business for an evacuation.

[Province of BC: Disaster Financial Assistance](#)—Following a disaster, the provincial government may declare the event eligible for Disaster Financial Assistance (DFA). Once declared, the DFA program may compensate individuals for essential uninsurable losses and/or reimburse local governments for damaged infrastructure.

[Local Economic Recovery & Restart Toolkit](#) - This toolkit provides a collection of resources developed to assist local councils, organizations and individuals involved in community economic recovery following an emergency such as the COVID-19 pandemic, wildfires and floods
