

EMBLETON MOUNTAIN

(K21644)

FIRE SIZE:

920 hectares (mapped)

FIRE STATUS:

Out of Control

RESOURCES:

- 30 firefighters
- Three helicopters
- Eight pieces of heavy equipment
- Six danger tree fallers/assessors

UPDATES:

Structure Protection resources last week.

A drone scan was conducted on July 25, 2021 to identify hotspots within the fire perimeter. Crews are continuing with hotspot extinguishment and working towards extinguishing the entire perimeter 50' inwards. While the fire behaviour is low on Embleton Mountain at this time, there will be visible smoke and the occasional flame for a while as root systems and stumps continue to smolder. Most of the fire is in mop up and patrol now, with contract crews supported by BCWS crews working to fully extinguish the perimeter and any hotspots that are found.

This will be the last community bulletin for the Embleton Mountain wildfire. For further updates please visit the Wildfire of Note page on bcwildfire.ca or contact the Information team below.

The Thompson-Nicola Regional District has rescinded the evacuation order for 132 properties in Whitecroft as of 1900 July 22, 2021. An evacuation alert remains for these properties.

The Thompson-Nicola Regional District has rescinded the evacuation order for 7 properties west of Whitecroft as of 1900 July 22, 2021. An evacuation alert remains for these properties.

Please contact the [Thompson-Nicola Regional District](#) for more information.

The Sun Peaks Mountain Resort Municipality has rescinded the Evacuation Alert for all properties within the Sun Peaks Mountain Resort Municipality. For more information, please visit [Sun Peaks Municipality website](#).

Spot a wildfire, smoke or illegal fire activity? Call 1 800 663-5555 or *5555 on your cellphone.

REGISTER FOR EMERGENCY ALERTS:

The Thompson-Nicola Regional District has chosen Voyent Alert! to serve the region to provide residents with critical emergency information. Voyent Alert! is a multi-purpose communication service used to send alerts to residents, businesses, and visitors during critical events like fires or floods as well as for relevant day-to-day communications. Registration is FREE, simple and totally anonymous. For mobile app alerts, download and install the *Voyent Alert!* app from the Apple or Google Play stores. For email, text message, or voice call alerts: <https://register.voyent-alert.com>

Personalized Communications: Voyent Alert! provides informative communications. Critical information such as the distance and direction from an incident, time of intercept and preferred evacuation routes from your tracked locations.

Track Multiple Locations: Voyent Alert! allows you to create and track multiple locations such as “Kids School” or “Mom’s House”. Any event or communication related to your tracked locations will be forwarded to you along your preferred communication channel.

No Message Fatigue: Voyent Alert’s smart alerting capabilities ensure that you will only get notified when a communication is relevant to you or one of the locations you are tracking.

Communications Your Way: Receive alerts over a wide variety of communication channels including mobile apps, text/SMS alerting, email or voice calling. You can register for all or one of them.

Privacy is Paramount: Registration is anonymous, and no information volunteered or derived is shared or used for marketing or data harvesting purposes. Locational information from your tracked locations is only used to determine its proximity to an alert event and to provide critical context within the communications (such as distance and direction).

Leaving is Easy: Both mobile applications and web-based accounts provide access to an unsubscribe feature accessed via the menu icon on the top right of the screen/page. If the service isn’t working out simply click on “Unsubscribe” button.
