

This map illustrates the Meachen Creek Forest Service Road (FSR) network and its status. Key features include:

- Meachen Creek FSR:** The main road network, shown in green, with a section highlighted in orange.
- Redding Creek FSR:** A road branching off to the northwest, shown in green.
- White Boat FSR:** A road branching off to the southwest, shown in green.
- Grey Creek Pass:** A pass area highlighted in orange, with a label indicating it is "open".
- Meachen Creek FSR closed at km 0:** A specific location on the Meachen Creek FSR, highlighted in orange, with a label indicating it is "closed at km 0 (at junction with Hellroaring FSR)".
- Other Features:** The map includes contour lines, water bodies (lakes and rivers), and various colored regions (pink, yellow, orange, green, black) representing different land management areas.

A scale bar representing distance in kilometers. It is marked from 0 to 8 with major ticks every 2 units. The bar is divided into four equal segments of 2 units each, alternating between black and white. The segments are black from 0 to 2, white from 2 to 4, black from 4 to 6, and white from 6 to 8. The unit 'Km' is written at the right end.

31km marker on the St. Mary Lake Road including the Redding Creek Forest Service Road to the height of land and 25.3km marker on the Hellowaring Forest Service junction with the St. Mary River Main Forest Service Road as indicated on the map in red
