

SCHEDULE 2

REPORTING REQUIREMENTS FOR WELL IDENTIFICATION FOR A WELL THAT IS FOR THE PURPOSE OF SUPPLYING A WATER SUPPLY SYSTEM

COPY

1. Well Identification Plate Information

Date September 8th, 2006

Well Identification Number: 18819

Plate attached by: Murray Carruthers

Description of where plate is attached (*usually attached to the well casing or well cap*): on metal lid of well containment structure

2. Water Well Information

Name for the Water Supply System Well (e.g., "Township of Langley #8"): Big Bar Lake Provincial Park well

Well location description or address: Big Bar Lake Provincial Park

Latitude (*degree/minutes/seconds*) N 51 degrees 18' 36.1": elevation 798 m.;

Longitude (*degree/minutes/seconds*) W 121 degrees 17' 17.6"; or

UTM Northing to within 33 feet (10 m):

UTM Easting to within 33 feet (10 m):

Source of Latitude/Longitude or UTM coordinates (*check one*)

GPS ☒ 1:20,000 map ☐ 1:50,000 map ☐ Other (*please specify*)

Legal Description of Well Location

Township:	Section:	Plan:
District Lot: 1747	Range:	PID:
Lot:	Block:	

If well construction report is attached to this form, please check: ☒

3. Water Supply System Information

Water Supply System Name: Big Bar Lake Provincial Park Well

Owner Name: Ministry of Environment - BC Parks

Mailing Address: 400 - 640 Borland St.

City or Town: Williams Lake BC Postal Code: V2G 4T1

Phone Number: (250) 398-4530 E-Mail: Murray.Carruthers@gov.bc.ca

* Please provide UTM ZONE with UTM COORDINATES

Well Depth: (ft / m) 73 ft

Well Diameter: (inches / cm) 6 inch

SEE ATTACHED MAP

EXAMPLE Please use the space above to sketch the well location and proximity to roads, buildings, waterways, etc.

Schedule 2 Notes:

Well Identification Number

This is the number found on the stainless steel plate attached to the well. It is not the number the well is assigned in the WELLS database, called the "Well Tag Number"

Well Location:

Provide the Land District (e.g. New Westminster) for the well location and include in "Legal Description of Well Location" section.

Geographic Coordinates:

- Ensure the GPS map datum on your GPS unit is set to "NAD 83"
- If using UTM Coordinates, please include the UTM Zone (Zone 10 for Vancouver-Coastal and Fraser Health Regions)
- Latitude and Longitude can be expressed as degrees/minutes/seconds (50°/30'/40") or as decimal degrees (50.51°).

Supporting Documentation:

Please include copies of any of the following documents, if available: • well construction reports/logs

- pumping test reports
- documents that include information about the well, local geology, well location, etc.

Please send completed forms to: Tammy Blair
2975 Jutland Road
Victoria BC

Big Bar Lake Provincial Park Well # 18819

Big Bar Lake Provincial Park Well # 18819

Well # 18819 is located at the entrance to the upper campground at Big Bar Lake Provincial Park. The pump is found on the south side of the road, just before passing through the yellow gate. The tag was drilled into the metal lid covering the well.

The pump is located 1 metre west of the tap and approximately 21 metres west of the small sign. The yellow gate is 23 metres east of the well and the garbage bin is east of the gate.

See reverse for diagram of Big Bar Lake Provincial Park.
