

Site No.	Structure No. CK-2547	Road Name & Location: Eight Mile FSR (8144.01)	Forest/Resource District: Chilliwack
Project/Contract No.		Watercourse Name:	Simple Crossing? ☐ Yes/ ☐ No
Type: ☒ Bridge ☐ Major Culvert ☐ Other Structure (describe)			Was Field Welding or Grouting Required? ☐ Yes/ ☒ No
Description of Project covered by this statement: Replace single cross tie noted in the inspection report from 2021-05-10 Replace 3 rows of timber planks that are showing excessive ware and decay			
Name of the CRP for this Crossing Project: Jay Ree, RPF			
Design Vehicle Configuration (eg BCFS L100, BCL625):			Design Life (years):
List of Approved Design/Record Dwgs, Design Aides & other supporting documentation - Dwg No.s, Name, Revision #, Date: CK-2547 Inspection Report 2021-05-10			

This is to advise that I am the Professional of Record (POR) and I am a:

- ☐ Professional engineer (P.Eng.), registered with the Association of Professional Engineers and Geoscientists of BC (APEGBC);
- ☒ Professional Forester (RPF) or Registered Forest Technologist (RFT), registered with the Association of British Columbia Forest Professionals (ABCFP)

- I completed the field reviews* during construction for this crossing, consistent with the legislation for my profession, the [Guidelines For Professional Services In The Forest Sector – Crossings](#) as applicable to this project and by good practice.
- General Arrangement Design (For complex, non-simple crossings, design must be the responsibility of a P.Eng.):
☐ I prepared the General Arrangement Design; or
☐ Name of Professional of Record (POR) who prepared General Arrangement Design _____
P.Eng. OR RPF OR RFT (circle one)
- Based on the field reviews, I give my assurance** that:
 - the work substantially complies in all material respects with the engineering concepts or intent reflected in the engineering design documents (approved design drawings, specifications, and all applicable supporting engineering documents), including all revisions;
 - any significant modifications from the crossing design documents:
☐ have been approved by the POR that prepared the general arrangement designs, OR
☐ the undersigned takes full responsibility for the modifications
and significant modifications have been documented and marked on the attached Record (as-built) drawings and documents;
 - where field welding was required, the welding was completed by a Division 3 or better CWB certified welding firm.

Note: POR signing Construction Assurance Statement required to be P.Eng. for crossings that include field welding or grouting.

Name of POR (please print): Jay Rees, RPF		
SIGNATURE OF POR (P.ENG. OR ☒ RPF OR RFT - circle one) 	DATE SIGNED YYYY MM DD 2021 06 09	
Company Name and Address (please print): Western Canadian Timber Products.
