Pursuant to s.7(4) of the Forest Planning and Practices Regulation (B.C. Reg. 12/2004), Section 6.3.2 – Objectives set by government for wildlife (FPPR section 7), of Forest Stewardship Plan #575 is replaced with the attached revision, regarding Strategies required to address:

- the “Notice – Indicators of the Amount, Distribution and Attributes of Wildlife Habitat Required for the Survival of Marbled Murrelet (*Brachyramphus marmoratus*)” [authority under B.C. Reg. 14/2004 s.7(2), effective December 2, 2021]; and
- the “Order for the Recovery of Marbled Murrelet (*Brachyramphus marmoratus*)” [authority under the *Land Act* s.93.4, effective December 2, 2021].

The effective date of this amendment is on the effective date identified in the FSP tracking system, or no later than June 3, 2022. This is a mandatory amendment under s.8(1) of the *Forest and Range Practices Act*, and CRIBCO is requesting an exemption from review and comment under s.32 of the Forest Planning and Practices Regulation.
