Subject: Amendment to Interfor's North Island Forest Stewardship Plan (FSP #62) to comply with the Order for the recovery of Marbled Murrelet

Dear Ms. Fettes,

Pursuant to s.7(4) of the Forest Planning and Practices Regulation (B.C. Reg. 12/2004), the Strategy for Marbled Murrelet in Part 1.5.2.2 of Forest Stewardship Plan #62 is replaced with the attached Strategy that was developed to comply with both:

- the "Notice – Indicators of the Amount, Distribution and Attributes of Wildlife Habitat Required for the Survival of Marbled Murrelet (*Brachyramphus marmoratus*)" [authority under B.C. Reg. 14/2004 s.7(2), effective December 2, 2021]; and
- the "Order for the Recovery of Marbled Murrelet (*Brachyramphus marmoratus*)" [authority under the *Land Act* s.93.4, effective December 2, 2021].

The effective date of this amendment is on the effective date identified in the FSP tracking system, or no later than June 3, 2022. This is a mandatory amendment under s.8(1) of the *Forest and Range Practices Act*, and may be exempted from review and comment under s.32 of the Forest Planning and Practices Regulation.

Thank you,
Interfor Corporation
