

Estimated Forested Crown Land* Retention by Watershed
Merritt TSA - August 2012

Legend

- Watersheds with an Estimated <50% Retention of Forested Crown Area >30yrs Old
- Watersheds with an Estimated >=50% to <=60% Retention of Forested Crown Area >30yrs Old

Associated Landscape Unit (contains majority of watershed)	Watershed	Forested Crown Land Total Area (ha)	Percent of Total Area (>30yrs Old)	Percent of Total Area (>20yrs Old)
