This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire data for incidents for the current fire season, including both active and inactive fires, are supplied from various sources. The data is refreshed from operational systems nightly to the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when practicable and the occurrence of individual fire updates will vary. The information is intended for general purposes only and should not be relied on as accurate because fires are dynamic and circumstances may change quickly. The location of current fire activity within the mapped fire perimeters can vary widely.
