Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources and may be subject to change before being released nightly to the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used for planning purposes.

Wildfire data from this location is updated when practicable and the occurrence of individual fire updates may vary greatly. Wildfire perimeter data is provided for purposes only and should not be relied on as accurate because fires are dynamic and circumstances may change quickly. The location of fires may also vary within the mapped fire perimeters can vary widely.
