Disclaimer:
Wildfire perimeters for the current fire season, including the perimeter of wildfires that have been classified as out, are preliminary. The data is refreshed from operational systems nightly to the public map. Wildfire data may not reflect current conditions on the ground, therefore should only be used for reference purposes.

Wildfire data from the incident is updated when practicable and the occurrence of individual fire updates will vary. The information is intended for general reference purposes only and may not be accurate because they are dynamic and comprehensive map accuracy standards do not apply. Features may display within the mapped fire perimeters can vary widely.
