Disclaimer:
Wildfire perimeters for the current fire season, including the most recent mapped, may be digitized from various sources. The data is refreshed from operational systems on a daily basis. Wildfire perimeters are subject to change as the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the Archive is updated when practicable and the occurrence of individual fire updates is not a priority. Archive wildfire data is for reference purposes only and should not be relied on as accurate because fires are dynamic and circumstances may change rapidly. The Province makes no warranty, expressed or implied, for the suitability of this data for any purpose.
