Disclaimer:
Wildfire perimeters for the current fire season, including the most recent fire activity, are provided by various data sources. The data is refreshed from operational systems nightly to the public map. Wildfire data may not reflect accurate fire boundaries and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when particulars and/or circumstance of individual fire updates are received. This data is provided for reference purposes only and should not be relied on as accurate. Wildfire data is dynamic and the situation on the ground can change quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
