This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including the most recent, are updated daily from various agency sources. The data is extracted from operational systems and is dynamic in nature. The map may not accurately reflect the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when information is received from personnel in the field and from aerial reconnaissance. The information is intended for general purposes only and should not be relied on as accurate for any specific use. Due to the dynamic nature of fire, the data changes quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
