This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources and may be updated as new information becomes available, nightly to the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used for planning purposes.

Wildfire data from any location is updated where practicable and the occurrence of individual fire updates may vary. Fire perimeters are mapped for planning purposes only and should not be relied on as accurate because fires are dynamic and circumstances may change rapidly. Please contact the fire activity within the mapped fire perimeters can vary widely.
