Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources. Fire perimeters are subject to change and updated nightly in the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used for general reference.

Wildfire data from the incident is updated when practicable and the occurrence of individual fire updates is variable. The wildfire perimeter is for general purposes only and should not be relied on as an accurate because fires are dynamic and circumstances may change rapidly. Please contact the agency within the mapped fire perimeters can vary widely.
