Disclaimer:
Wildfire perimeters for the current fire season, including the most recent mapped update, may be supplied from various sources. The data is refreshed from operational systems daily, but may not be complete or accurate. Perimeters may not be true to size or reference, and the data may not be fit for use for reference purposes.

Wildfire data from the incident is updated when practicable and the occurrence of individual fire updates is not guaranteed. Wildfire data is for display purposes only and should not be relied on as accurate because fires are dynamic and circumstances may change quickly. Fire sizes and locations may differ from the mapped fire perimeters can vary widely.
