This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources. They are not to be relied upon to establish property rights to the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when resources are available. Information is subject to change as/ as/ can. The information is intended for general reference purposes only. Wildfire data may not be accurate because fires are dynamic and circumstances may change quickly. Always be aware of the activity within the mapped fire perimeters as very subtly.
