This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Rehab boundaries for the current fire season, including both active and inactive fires, are supplied from various sources. The data is refreshed from operational systems on a daily basis. This map is intended to be a snapshot of the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when practicable and the occurrence of individual fire updates may lag. This map is intended for internal BCWS purposes only and should not be relied on as accurate for any other purpose. Fire situations can change quickly. The levels of control for activity within the mapped fire perimeters can vary widely.
