Disclaimer:
Wildfire perimeters for the current fire season, both active and inactive fires, are supplied from various sources. The data is refreshed from operational sources daily to the public map. Wildfire data may not reflect current fire situation, and therefore should not be used for reference purposes.

Wildfire data from the incident is updated continuously and the occurrence of individual fire is not all year . The information is intended for reference purposes only and should not be used on as decision basis as fires are dynamic and circumstances change quickly. The levels of current fire activity are mapped for perimeters can vary daily.
