This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including the most recent perimeters, are subject to change and inaccuracies. The data is extracted from operational systems nightly to the public map. Wildfire data may not reflect current fire situation and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when information is received, however the location and extent may still vary. The information is intended for general purposes only and should not be relied on as accurate for navigation. The fire situation is dynamic and can change quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
