Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources and are subject to change. Perimeters are updated nightly to the public map. Wildfire data may not reflect all fires within the province and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when practicable and the occurrence of individual fire updates will vary. The information is intended for general reference purposes only and may not be accurate because fires are dynamic and circumstances may change quickly. The levels of current fire activity within the Report Parameters can vary widely.
