Disclaimer:
Rehab parameters for the current fire season, including both active and inactive fires, are supplied from various sources. The data is refreshed from operational systems on a daily basis. The information is intended for general use for current fire situation, and therefore should only be used for rehab-related purposes.

Purpose: While the incident is updated when practicable and the occurrence of individual fire symbols will vary. The information is intended for general reference purposes only and is not to be used for navigation because lines are dynamic and circumstances may change quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
