Disclaimer:
Wildfire perimeters for the current fire season, including the most recent perimeters, are compiled from various sources. The data is intended from operational systems, mighty to the public map. Wildfire data may not reflect current conditions and should therefore should only be used for reference purposes.

Wildfire data from the incident is updated when practicable and the occurrence of individual fire updates will vary. The information is intended for general reference purposes only and is provided on an "as is" basis because fires are dynamic and circumstances may change rapidly. Please contact the originating source for the mapped fire perimeters can vary widely.
