**Disclaimer:**
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources. The BC Wildfire Service does not guarantee their rights to the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when resources are available. Consequently, the accuracy may vary. The information is intended for general purposes only and should not be relied on as accurate for engineering or other site-specific purposes. Some change quickly. The levels of current fire activity within the square fire perimeters can vary widely.
