Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources and are subject to change. Perimeters are displayed nightly to the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used for planning purposes.

Wildfire data from this location is uploaded when practicable and the occurrence of individual fire updates may vary. This data is provided on an "as is" basis without warranty and should not be relied on as accurate because fires are dynamic and circumstances may change quickly. The location of fires and activity within the mapped fire perimeters can vary widely.
