Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources and may not be complete. Perimeters supplied by agency to the public may differ from what is reflected in the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when information is received from personnel on the ground and will vary. The information is intended for general purposes only and should not be relied on as accurate. Wildfire data is a dynamic dataset and subject to change quickly. The levels of current fire activity within the province's boundaries are very widely.
