This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including the most recent perimeters, are subject to change and inaccuracies. The data is obtained from operational systems nightly to the public map. Wildfire data may not reflect current fire situation and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when personnel with the assurance of minimum fire spatial accuracy standards are available. Data is for planning purposes only and should not be relied on as accurate for design, safety of life or property purposes. Area and perimeter accuracy. The levels of current fire activity within the mapped fire perimeters can vary widely.
