Index Map

This map may contain CONFIDENTIAL information: for INTERNAL use only

**Disclaimer:**
Wildfire perimeters for the current fire season, including the most recent wildfire perimeters, are received from various sources. The data is reloaded from operational systems nightly to the public map. Wildfire data may not reflect the most current information and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when perimeters and the occurrence of individual fire updates are received. The data is provided for reference purposes only and should not be relied on as accurate or complete. The data is subject to change and may change quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
