Index Map

This map may contain CONFIDENTIAL information; for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources. The fire perimeters displayed on this map are updated nightly in the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used for planning purposes.

Wildfire data from this incident is updated when practicable and the occurrence of individual fire updates is at the discretion of the fire centre. Data is provided as-is and should not be relied on as accurate because fires are dynamic and circumstances may change between updates. The location of fires within the mapped fire perimeters can vary widely.
