Index Map

This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Fire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources. The data is refreshed from operational systems on a daily basis. The information is intended for use with the current fire situation, and therefore should only be used for reference purposes.

Accuracy: The incident is updated when personnel are on the occurrence if individual fire sources will vary. The information is intended for general reference purposes only. Due to the nature of wildfires because they are dynamic and circumstances may change quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
