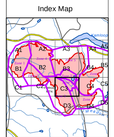
Index Map



This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Weather generated for the current fire season, including both active and inactive fires, are supplied from various sources. Fire perimeters and locations are updated nightly to the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when available. Fire perimeters and locations are estimates and will vary. The information is intended for general purposes only and should not be relied on as accurate. Fire sizes may change due to mapping methods and change quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
