Index Map

This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildlife perimeters for the current fire season, including both active and inactive fires, are supplied from various sources and are displayed on this map as accurately as is rightly to the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used for planning purposes.

Wildfire data from the incident is uploaded when practicable and the occurrence of individual fire updates may vary. The data displayed on this map is for general reference only and should not be relied on as accurate because fires are dynamic and circumstances may change rapidly. Fire activity and wildfire activity within the mapped fire perimeters can vary widely.
