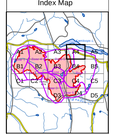
- Lake - Intermittent
- Wetland
- Freshwater
- 10k Grid
- Rehab Work Zone Boundary
- Lake
- Lake - Intermittent

Index Map



This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Rehab boundaries for the current fire season, including both active and inactive fires, are supplied from various sources. The data is refreshed from operational systems on a daily basis. The information is intended for general use for current fire situation, and therefore should only be used for reference purposes.

Please note that this content is updated when information and the occurrence of individual fire updates will vary. The information is intended for general reference purposes only. Due to the nature of wildfires and because they are dynamic and circumstances may change quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
