Index Map

This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources and may be subject to change and correction on a nightly to the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when available. Wildfire perimeters are mapped to the nearest 100 m. The information is intended for general purposes only and should not be relied on as accurate for any specific use. Fire sizes are approximate and change quickly. The levels of current fire activity within each region fluctuate from day to day.
