Index Map

This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources and may be subject to inaccuracies when displayed legibly in the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used as a general reference.

Wildfire data from the Incident is uploaded when practicable and the occurrence of individual fire updates may not be immediate. Wildfire data is for planning purposes only and should not be relied on as accurate because fires are dynamic and circumstances may change quickly. The location of fires and activity within the mapped fire perimeters can vary widely.
