This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources and may be updated periodically throughout the night to the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when information is received and verified and the perimeters will vary. The information is intended for general purposes only and should not be relied on as accurate for any specific use. Wildfire data is approximate in change quality. The levels of current fire activity within the square fire perimeters can vary widely.
