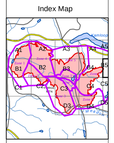
Index Map



This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources. Fire perimeters are subject to change from day to night to the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when information is received. Information on the public website will vary. The information is intended for general reference purposes only and is provided on an "as is" basis because fires are dynamic and circumstances may change rapidly. The province is not warranting the activity within the mapped fire perimeters are very widely.
