Index Map

This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Rehab polygons/centers for the current fire season, including both active and inactive fires, are supplied from various sources. The data is refreshed from operational systems on a daily basis. The data is intended for general use for the current fire situation, and therefore should only be used for this purpose.

Wildfire data from the incident is updated, when practicable and the occurrence of individual fire updates will vary. The information is intended for general reference purposes only and may not be accurate or complete because fires are dynamic and circumstances may change quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
