Index Map

This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including the most recent fire perimeters, are preliminary in source. The data is extracted from operational systems and is continually updated to reflect the best knowledge of the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when resources are available and therefore may not be complete or 100% up to date. The information is intended for general purposes only and should not be relied on as accurate or complete. The data is subject to constant review and change quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
