Index Map

This map may contain CONFIDENTIAL information; for INTERNAL use only

Disclaimer:
Fire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources. The data is refreshed from operational systems on a daily basis. The perimeters are best used to display the current fire situation, and therefore should only be used for reference purposes.

The accuracy of the incident is, upheld when practicable and the occurrence of individual fire symbols will vary. The information is intended for general reference purposes only. Because the nature of wildland fire/area fires are dynamic and circumstances may change quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
