Index Map

This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources and may not be complete. Unburned islands may exist within the perimeters. Wildfire data may not reflect the current fire situation, and therefore should only be used for historical purposes.

Wildfire data from the Incident_A updated when practicable and the occurrence of individual fire updates may vary. The fire perimeters are shown for general purposes only and should not be relied on as accurate because fires are dynamic and circumstances may change substantially. The use of this data is entirely within the mapper's discretion and risk.
