This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources. They are not validated before being released publicly to the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used for planning purposes.

Wildfire data from this location is updated when practicable and the occurrence of individual fire updates may vary. The data is provided for planning and reference purposes only and should not be relied on as accurate because fires are dynamic and circumstances may change rapidly. Fire sizes and locations may vary within the mapped fire perimeters can vary widely.
