This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including the most recent, are preliminary and subject to change and revision. The data is refreshed from operational systems frequently throughout the day and may not accurately reflect the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when information is received and processed and may not be complete or 100% accurate. The information is intended for general purposes only and should not be relied on as accurate for any specific use. Fire sizes and perimeters may change quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
