Index Map

This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources. The accuracy of these perimeters can change nightly to the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when information is received. Information on the public map will vary. The information is intended for general reference purposes only and is not to be relied upon because fires are dynamic and circumstances may change rapidly. Please check for wildfire activity within the mapped fire perimeters on early activity.
