Data Sources and Notes:

- Potential Forest Development Activity Areas are areas where road construction or logging may occur in the next several years.

- This is not Ministry of Forests and Range data, it has been provided by local Licensees.

- The areas indicated are just an estimated location of where the forest development activity might occur.

- This information is current to February 2010 and is only updated once per year.

- Any comments or input should be directed to the appropriate licensee.

Key map

The map displays a topographic representation of the Kalum Forest District, characterized by dense contour lines indicating elevation. Several large, irregularly shaped areas are highlighted in blue and labeled 'CTR', representing potential forest development activity areas. These areas are distributed across the map, with some clustered together and others isolated. The map is bounded by a grid of UTM coordinates, with labels for both Easting and Northing values. Key geographical features include the Skeena River and various smaller water bodies. The map is divided into sections labeled with sheet IDs: 103P037, 103P038, 103P026, 103P027, 103P017, and 103P018. Specific locations marked include 'TFL 1 Bik 3' and 'Kalum TSA 10'. The map also shows the location of the Kalum Forest District within the broader context of British Columbia and the surrounding regions of Alaska and the Yukon.
