SBFEP

Dear Licensee:

Under separate letter I have forwarded each major licensee and SBFEP a copy of the "Lakes Forest District Bark Beetle Management Strategy" recently developed for assisting tenure holders with their administration of harvesting and other activities related to bark beetle management. This document should be used as a source of information when you are planning development of activities and bark beetle management strategies within your license "area under Forest development plan".

Please contact me at 692-2200 with any concerns or questions.

Yours truly,

Mark Vieweg
Acting District Manager
Lakes Forest District
