This map may contain CONFIDENTIAL information: for INTERNAL use only

Disclaimer:
Wildfire numbers for the current fire season, including both active and inactive fires, are supplied from various sources. The data is refreshed from operational systems on a regular basis. Information may change quickly in the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when practicable and the occurrence of individual fire updates may vary. This information is provided for planning purposes only, and should not be relied on as accurate for any other purpose. The location of wildfires may change quickly. The levels of control that wildfires within the mapped fire perimeters can vary widely.
