Disclaimer:
Wildfire perimeters for the current fire season, including the most recent perimeters, are subject to change from various sources. The data is refreshed from operational systems nightly to the public map. Wildfire data may not reflect the most current fire situation and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when perimeters are received and processed. Fire sizes and locations will vary. The information is intended for general purposes only and should not be relied on as accurate or complete. The status of wildfires and perimeters can change quickly. The levels of current fire activity within the mapped fire perimeters can vary widely.
