Disclaimer:
Wildfire perimeters for the current fire season, including both active and inactive fires, are supplied from various sources and may not be complete. Fire perimeters have no rights to the public map. Wildfire data may not reflect the current fire situation, and therefore should only be used for reference purposes.

Wildfire data from the incident is updated when information is received and verified, but the frequency will vary. The information is intended for general reference purposes only and is not to be used for navigation because fires are dynamic and circumstances may change quickly. The accuracy of mapping activity within the mapped fire perimeters can vary greatly.
